Certificate of Attendance

A Certificate of Attendance will be provided at the end of the congress, on Sunday 3rd November 2013, after submitting the feedback form.

9 CME credit points will be given.

Dear friends,

I proudly welcome you to the 4th annual congress of the Cyprus Ophthalmological society.

Yours participation contributes towards improving the scientific standards of Ophthalmology in our country.

I look forward this small, warm and friendly environment to facilitate the development of long lasting friendships, stimulate scientific discussions and benefit our specialty.

I invite you to have a good stay and enjoy our hospitality.

Warm regards,

A handwritten signature in blue ink, appearing to read 'Theodosios'.

Theodosios Kontos MD

President of the Cyprus Ophthalmological Society

Dear colleagues,

On behalf of the Scientific Committee of the Cyprus Ophthalmological Society, it is with great pleasure to welcome you to our 4th Annual Congress.

We will have the opportunity to hear about new developments and innovations in ophthalmology as well as the management of clinical problems we encounter in our clinical practice.

I would like to extend our warmest welcome to all our invited speakers, who have travelled to Cyprus to honour us with their presence. I hope that you will have a wonderful stay in Cyprus.

Finally I would like to thank the members of the Scientific Committee for their hard work and commitment throughout the year, who have contributed in making this congress a success.

I wish you all a nice stay in Cyprus and hope that your visit will be a rewarding and enjoyable experience.

A handwritten signature in blue ink, appearing to read 'George Papamichael', with a stylized flourish extending to the right.

George Papamichael MD, PhD

Head of the Scientific Committee of the CyOS

Speakers

Programme

Saturday 2 November 2013: Day 1

8:00	Registration
9:00	Welcome George Papamichael, Head of the Scientific Committee of the CyOS
SECTION	CORNEA Moderators: Maria Drousiotou, Antonis Ioannides
9:05	Interesting corneal cases Ioannis Mallias, Greece
9:20	Endothelial transplantation Anastasios Charonis, Greece
9:35	Corneal stem cell transplantation Ioannis Mallias, Greece
9:50	Cataract surgery in the presence of corneal pathology Miltos Balides, Greece
10:05	Discussion
10:20	Coffee break
SECTION	GLAUCOMA Moderators: Kyriakos Mavronikolas, Theodosios Kontos
10:50	Glaucoma: Strategies for early diagnosis Dimitrios Papaconstantinou, Greece
11:10	Management of advanced glaucoma Keith Barton, United Kingdom
11:30	Imaging in glaucoma Dimitrios Papaconstantinou, Greece
11:50	Glaucoma surgery: Past, present and future Keith Barton, United Kingdom
12:10	Glaucoma in patients with familial amyloidosis Katia Papastavrou, Cyprus
12:30	Discussion
12:50	Official ceremony
13:00	Concert
13:30	Lunch

Programme

Saturday 2 November 2013: Day 1

SECTION	MACULAR DISEASE Moderators: Maria Krassia, Athanasia Kyriakidou
15:30	Anti VEGF therapies: Desired standards and clinical outcomes Sofia Androudi, Greece
15:50	Therapeutic targets in AMD Alan Bird, United Kingdom
16:10	RPE Transplantation aided through prior tissue engineering Boris Stanzel, Germany
16:30	Type 2 juxtafoveal telangiectasia Alan Bird, United Kingdom
16:50	Discussion
17:10	Coffee break
SECTION	REFRACTIVE SURGERY Moderators: Menelaos Sergiou, Antonis Glykeriou
17:40	Refractive surgery complications Konstantina Koufala, Greece
17:55	Clear lens extraction for high ametropia Ioannis Panagopoulos, Greece
18:10	Femto refractive surgery Anastasios Kanellopoulos, Greece
18:25	Femto crosslinking Anastasios Kanellopoulos, Greece
18:40	Topography & tomography Dimitris Kyroudīs, Greece
18:55	Discussion
20:30	Dinner and entertainment programme

Programme

Sunday 3 November 2013: Day 2

SECTION	CATARACT Moderators: Neoklis Razis, Andriana Spasiri
8:30	Combined cataract surgery Spyros Georgaras, Greece
8:45	Femto cataract Anastasios Kanellopoulos, Greece
9:00	Cataract and glaucoma Vasilis Tsingos, Greece
9:15	Manual small incision cataract surgery Boris Stanzel, Germany
9:30	Discussion
SECTION	GENETIC RETINAL DISEASE Moderators: Antonis Christoforou, Petros Aristodemou
9:45	Inherited macular disease Anthony Moore, United Kingdom
10:05	Principles of ERG Dimitrios Brouzas, Greece
10:25	Prospects for therapy for inherited macular dystrophies Anthony Moore, United Kingdom
10:45	Fundus autofluorescence Eleni Loukianou, Cyprus
11:05	Discussion
11:20	Coffee break
SECTION	DIABETIC RETINOPATHY Moderators: Pipis Minas, Stavros Violetti
11:50	Treatment options in diabetic maculopathy Petros Aristodemou, Cyprus
12:10	Management of advanced diabetic eye disease Hassan Mortada, Egypt
12:30	Bloodless delaminations Theodoros Potamitis, Cyprus

Programme

Sunday 3 November 2013: Day 2

12:50	Discussion
SECTION	VIDEO SESSIONS AND FREE PAPERS Moderators: Sotiroulla Ioannou, Paris Papamarkou
13:00	<ol style="list-style-type: none">1. Penetrating eye injuries Hassan Mortada, Egypt2. Macular surgery George Pappas, Greece3. Combined keratoplasty with phacoemulsification Ioannis Mallias, Greece4. Cataract surgery in the presence of suspected posterior capsule defects George Papamichael, Cyprus5. Ahmed valve implantation Dimitrios Brouzas, Greece6. Periocular malignancies Ioannis Kyprianou, Cyprus
14:00	Launch of the CyOS online discussion group CyOS Scientific Committee
14:15	End of the congress

We would like to thank our sponsors for their support.

Not all dry eye is the same but all dry eyes need protection^{1,2}

Dry eye is a condition where one or more layers of the tear film break down.¹
Tear-film breakdown can cause discomfort and leave the ocular surface unprotected.²

The SYSTANE[®] family includes products that restore all three levels of the tear film and protects, preserves, and promotes a healthy ocular surface³⁻⁵

Ask your eye care professional which SYSTANE[®] product is right for you

A man in a white lab coat is seen from the back, holding a small photograph of a person and placing it onto a large wall covered in a grid of many other small photographs of people. The wall is filled with a dense array of these small photos, creating a mosaic effect. The man's action suggests a process of selection or identification within a large dataset of human faces.

Natural comfort

Contact lens users often suffer from certain disorders: irritation, dryness, a feeling of persistent discomfort.

With Dua Elite these symptoms disappear.

Dua Elite is a multipurpose solution for the correct hygiene of soft contact lenses, that guarantees their total disinfection and cleaning. Moreover, it contains sodium hyaluronate, which is known for its regenerative and moisturising properties. This component also provides a constant feeling of comfort and freshness.
